TURNKEY projects

CUSTOMIZED ENGINEERING SOLUTIONS

- Plastic & Steel Recycling Plants
- Edible Oil Expelling & Refining Plants
- Food & Beverages Plants
- Solar Power Plants
- Customized Plants

TURNKEY PROJECTS

projet clé en main

■ Plastic & Steel Recycling Plants

- PVC/HDPE/PET/Bottle Manufacturing Plants
- TMT Bar, Hot Rolling, Cold Rolling, Metal Scrap Plants
- Tube Mill, CRS, CTR Plants

■ Usines de recyclage de plastique et d'acier

- Plantes de fabrication de PVC / HDPE / PET / bouteille
- Barres TMT, laminage à chaud, laminage à froid, usines de ferraille
- Usine de tubes, CRS, CTR

■ Solar Power Plants

- ON/OFF Grid Plants (1-20MW)
- Solar Panels, Modules & Arrays
- Batteries & Invertors
- Solar Street Light, Lanterns
- Solar Pumping System

■ Centrales solaires

- Solaire ON / OFF Grid Plants (1-20MW)
- Planules solaires, modules et tableaux
- Batteries & Inverseurs
- Lampadaire solaire, lanternes
- Système de pompage solaire

■ Customized Plants

- Corrugated Sheet Forming Plants
- Tyre Retreading Plants
- Paper Bag, Cup Making Plants
- Fish, Poultry Feed & Farming Plants
- TSR Natural Rubber Plants

■ Plantes personnalisées

- Usines de fabrication de tôles ondulées
- Usines de rechapage des pneus
- Sac en papier, fabrication de tasse
- Poissons, aviculture et plantes agricoles
- TSR Caoutchouc naturel

■ Food & Beverages Plants

- Mineral Water Plants
- Beer & Carbonated Beverages Plants
- Tomato Processing Plants
- Biscuits, Bread Plants
- Ice Cube Making Plants
- Food Packaging & Processing Plants

■ Alimentation et boissons

- Plantes d'eau minérale
- Bière & Boissons gazéifiées Plantes
- Usines de transformation des tomates
- Biscuits, Plats à Pain
- Cubes de glace
- Emballages et usines de transformation des aliments

■ Edible Oil Expelling & Refining Plants

- Peanut, Palm & Palm Kernel oil Plants
- Cottonseed, Cocoa, Sesame, Moringa oil Plants
- Oil Refinery Plants
- Solvent Extraction Plants
- Oil Filling Plants
- Cattle Feed Plants

■ Usines d'expulsion d'huile comestible

- Huile de cacahuète, palmier et palmier
- Graines de coton, cacao, sésame, huile de Moringa
- Usines de raffinage d'huile comestibles
- Usines d'extraction de solvant
- Plantes de remplissage d'huile
- Aliments pour bétail

ALL YOU NEED FOR MANUFACTURING

Turnkey Solutions

Global presence

"TRB GROUP" is in the business for more than 50 years and growing its presence globally. We are proud to be associated with Africa for the last 25 years & look forward to increase our current expertise with many more years of hard work and commitment. In these 25 years, TRB has served Africa with wide variety of product and services. "TRB GROUP-Projects Division" has been in the business of selling Turnkey Projects from past 10 years in different countries of Africa. TRB has a well established track record on supplying a high quality turnkey solutions. our services have always met with great customer satisfaction. We offer projects at a very competent price and have never been known to compromise on the quality of our service.

Hands on experience and knowledge of our team members enabled us in providing the superior quality range of our products. Commitment to quality product and time framed delivery and after sales service are the key areas to establish a strong client base in African Countries like Cameroon, Gambia, Ivory coast, Nigeria, Ghana, Kenya, Guinea Bissau, Equatorial Guinea, Gabon, Senegal, Republic of Benin, & Chad.

Our 25 years of experience is at your service. Let's find out together how we could best help you.

Total project management

TRB FOLLOWS THE HIGHEST INTERNATIONAL STANDARDS

Our project management policy ensures accurate and timely communication and documentation at all stages during project planning and implementation. the TRB risk management system guarantees that all key project risks are assessed and mitigated starting from day one.

TRB QUALITY ASSURANCE PROGRAM

Projects are designed, documented, delivered and tested with workmanship of the highest quality, and activities conform to all applicable quality control standards.

Occupational safety of installation and customer personnel during the system life cycle is of utmost importance for us. Further, we at TRB understand that the environmental impact and carbon footprint must be minimized. Safety and environmental aspects are ensured through established international standards.

DESIGN & ENGINEERING
